David Gates & The Accents Jo-Baby/Lovin' At Night Perspective 121057500 1957

This was the first (hard to find) release – recorded on Dec. 10, 1957.

A very worn copy, I know... but I think it's the original release

This is identical to the previous (re-iss.)

1458 David Gates & The Accents Jo-Baby/Lovin' At Night Robbins 1008 (US) 1958

This was the second release.

1) Leon is providing a steady back ground and a (very) little break here and there. A nice tune, fine singing.

2) Leon is still providing a steady back ground for the voice and a short solo!

David Gates wrote both songs

David Gates & The Accents

Jo-Baby/Teardrops in my heart

Mala 427 (US)

20.3.1961

If the label is blue, it's an advanced copy (Promo)

This was the third release – I don't have it.
